Merry Christmas in cursive: practice sheet

Read the dark model, trace the gray line in pencil or pen, then write it yourself on the empty line. Capitals are written on their own.

The whole greeting

Merry

Christmas

Four mini cards

Cut along the dashed lines. Trace the gray greeting, write your message on the lines, and sign under With love. Glue one to the front of folded paper for a card.

Merry Christmas

With love,

Merry Christmas

With love,

Merry Christmas

With love,

Merry Christmas

With love,

Eight gift tags

Cut out each tag and punch a hole at the circle. Trace the gray words, then fill in To and From.
